EFFECT: Sets specific dates by which the Legislature must provide additional cost-of-living allocations to equal what educational employees' salaries would have been were they not suspended over the coming two years.

The additions must be provided in equal increments over the 2011-13 and 2013-15 fiscal biennia so the following classes of employees are restored by the following dates:

- 15 • School district employees - by the end of the 2014-15  
school year
- 16 • Academic employees of community & technical colleges,  
17 and classified employees of technical colleges - by  
18 the end of the 2014-15 academic year
